

GOOGLE\_NAMESPACE::LogSink

```
classDiagram
    class LogSink["GOOGLE_NAMESPACE::LogSink"]
    class ScopedMockLog["glog_testing::ScopedMockLog"]
    ScopedMockLog --|> LogSink
```

The diagram shows two class boxes. The top box, labeled 'GOOGLE\_NAMESPACE::LogSink', has three empty rectangular compartments. The bottom box, labeled 'glog\_testing::ScopedMockLog', has three compartments: the top one contains the class name, the middle one is shaded gray and empty, and the bottom one contains a list of methods. A blue arrow with an open triangular head points from the top of the bottom box to the bottom of the top box, indicating inheritance.

glog\_testing::ScopedMockLog
